The Green Pages

A Useful Resource for Waterfront Living

The Green Pages- A Useful Resource for Waterfront Living

With funding from the Frontenac Community Futures Development Corporation, the Friends of the Salmon River and the Frontenac Stewardship

Council hired an intern to facilitate communication between lake associations and supporting agencies. One need of lake associations is a directory of who should be contacted for lake-related issues. These Green Pages should assist in the stewardship of lakes by listing the first contact for obtaining information about many common lake issues.

How Do I Use The Green Pages ??

These Green Pages are styled as a directory to avoid needless duplication of agency contact points. For example, you will see for:

FIRE BAN INFORMATION-

Your local Municipality:
 4a-d

This simply means the contact for this information is located under number 4 in the directory and has 4 subsections:

- Frontenac Islands: 4a
- South Frontenac: 4b
- Central Frontenac: 4c
- North Frontenac: 4d

The Green Pages– Who Deals With What?

AIR POLLUTION-

MOE: 3a

BOATING ISSUES (SAFETY/SPEEDING)-

OPP Save Units (Central Communication Centre) 1-888-310-1122 (Deals with seasonal elements: boating, ATVing, snowmobiling)

DOCKS-

MNR Kingston: 1a
